

THRONE OIL 4T

4-Stroke Motorcycle Oil

Description:

They are high-performance semi- synthetic 4-stroke motorcycle oils, resulting in a blend of mineral and synthetic based quality base oils and premium performance additives.

Usage Areas:

It is used four-stroke and high-performance, air or water-cooled motorcycles in four-seasons.

Benefits and Advantages Provided:

- Its advanced additives contribute to saving of oil and create resistance against rust, corrosion and foaming. It protects the engine by preventing wear and helps extend its life.
- It reduces the maintenance costs by extending the oil change periods with the aid of the oxidation inhibitor additive.
- It prevents loss of efficiency due to frequent and serial use, provides high engine strength and fuel economy.
- It provides maximum performance on the motors.

Performance: It compensates the performance specifications API SL/SJ/SG ve JASO MA.

Typical Properties:

Physical Property	Method	4T 10W-40
Density, g/cm ³ , 15°C	ASTM D 4052	0,871
Kin. Viscosity, cSt, 40°C	ASTM D 445	94
Kin. Viscosity, cSt, 100°C	ASTM D 445	14,1
Viscosity Index	ASTM D 2270	155
Pour Point, °C	ASTM D 97	- 30
Flash Point, °C	ASTM D 92	225

** The values given in the table are typical and they may vary from production to production.*
